NEDP 6-MONTH REVIEW · SLIDE STANDARD

A calm, *clear* standard for the six-month review.

A design guidance that brings the calm, editorial style of the Bitwise website to every slide of the review deck: serif headlines, quiet neutrals, one confident green.

WHY THIS STYLE

Professional slides, *managed* like a fund.

Bitwise explains a complicated market to cautious investors. A 6-month review has the same job: explain a lot of work to busy reviewers, clearly.

Editorial serif headlines

Headlines are set in a light serif with one phrase in italic. It reads like a research note, not a sales pitch.

Quiet neutrals, one green

Almost everything is slate grey on white. Green is used only for actions, highlights and the focus series in a chart.

Space does the work

Large margins, one idea per block and centred section intros. Nothing is boxed unless it must be grouped.

THE STYLE IN THREE WORDS

Calm. *Clear.* Credible.

READ THE RULES

FOUNDATIONS · TYPEFACES

Two families: a *serif* to speak, a sans to explain.

Bitwise pairs the serif 'Items' with the grotesk 'Neue Montreal'. Both are licensed web fonts, so the deck uses the closest fonts every Office computer already has.

Aa

Georgia

Headlines, card titles, big numbers

ROLE

Replaces Bitwise 'Items' (serif, weight 350–500)

WEIGHTS

Regular 400 · Italic 400

RULE

Regular + Italic only. Never bold.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 0123456789 Rp % –

Aa

Arial

Kickers, body, labels, buttons, tables

ROLE

Replaces Bitwise 'Neue Montreal' (sans, 400 / 550 / 650)

WEIGHTS

Regular 400 · Bold 700

RULE

Regular for text, Bold for kickers, labels, buttons.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 0123456789 Rp % –

If fonts may be installed: 'Newsreader Light' or 'Fraunces' come closest to Items, and 'Inter' or 'Manrope' to Neue Montreal (all free, Google Fonts). Embed them when saving (File › Options › Save › Embed fonts).

FOUNDATIONS · TYPE SCALE

Nine sizes, *no more*.

Sizes are set for a 13.33 × 7.5 in slide. Web values from Bitwise are shown for reference (16 px ≈ 11 pt on a slide).

STYLE	SAMPLE	FONT · SIZE · WEIGHT	TRACKING · LEADING	WEB REF
Display	Clear by *design*	Georgia 36 Regular	-0.5 · 1.0	48–64 px
H1 · slide title	Professional funds	Georgia 24 Regular	0 · 1.1	32 px

Meta · label	**Research • Oct 8, 2026**	Arial 8.5 Bold	0 · 1.2	14 px 550
Button · source	VIEW ALL	Arial 7.5 Bold CAPS	+0.6 · 1.0	12 px 550 +0.8

FOUNDATIONS · TYPE DETAILS

Small rules that make it *feel* like Bitwise.

ITALIC, NOT BOLD, FOR EMPHASIS

Crypto is *complicated*. We make it *clear*.

In serif headlines, put the one idea that matters in italic. Never bold a serif.

SENTENCE CASE HEADLINES

Professional funds managed by experts

Capitalise only the first word and names. CAPS are only for kickers, labels and buttons.

TRACKED CAPS FOR KICKERS

INVESTMENTS

Kickers sit 12–16 pt above the headline, slate 11, tracking +1.5 pt.

SHORT LINES

Max ~70 characters per line

Body text never spans the full slide. Cap paragraphs at 2/3 of the width.

LEADING

1.0 · 1.25 · 1.45

Headlines 1.0–1.1, card titles 1.25, body 1.45 (Bitwise: 1, 1.25, 1.5).

NUMBERS IN SERIF

67 units / year

Key figures use Georgia, ink colour; the unit follows in small sans.

FOUNDATIONS · NEUTRAL COLOURS

Sixteen greys carry *almost everything*.

The Bitwise 'slate' scale: a cool, slightly blue grey. Light steps for surfaces and lines, dark steps for text and dark sections.

Slate 1	Slate 2	Slate 3	Slate 4	Slate 5	Slate 6	Slate 7	Slate 8

Placeholder	Icon	Kicker · muted	Body text	Ink soft	Dark button	Ink · dark section	Black

FOUNDATIONS · BRAND & ACCENT COLOURS

One *confident* green, used sparingly.

Bitwise green (hue 146°) marks actions and the focus of a chart. Accents come from the same Radix-style scales and are reserved for status and extra chart series.

BRAND GREEN SCALE

Green 100	Green 200	Green 300	Green 400	Green 500	Green 600	Green 800
#E5FFF1	#E1F9EC	#83E7AE	#39DB7F	#22C96A	#0DA54F	#076932

Green 500 primary button, highlight, focus series · **Green 800** hover, green text on white · **Green 100–200** tinted note background

ACCENTS · STATUS & CHART SERIES

- **Amber #FFC53D** — Warning · on going
- **Red #E5484D** — Risk · price higher
- **Blue #0090FF** — Second series · info
- **Purple #8E4EC6** — Third series
- **Orange #E55200** — Triatra logo only

BRAND BRIDGE · TRIATRA

The Triatra logo stays in its own orange and is never recoloured. Orange is not used anywhere else in the deck, so the logo and the green never compete. If the reviewers require Triatra orange as the accent, swap Green 500 → #E55200 and Green 800 → #80350E everywhere; every other rule stays the same.

FOUNDATIONS · COLOUR IN USE

Mostly white, slate text, *a touch* of green.

PROPORTION ON A LIGHT SLIDE

Lines and borders 6% · green 2%: one button, one highlight or one focus series per slide.

LIGHT AND DARK SECTIONS

LIGHT · DEFAULT

Most slides are *light*.

White background, Slate 15 headline, Slate 12 body.

PRIMARY

DARK · COVER, DIVIDERS, CLOSING

Use dark *rarely*.

Slate 15 → #23343C gradient, white headline, Slate 8 body.

FOUNDATIONS · GRID

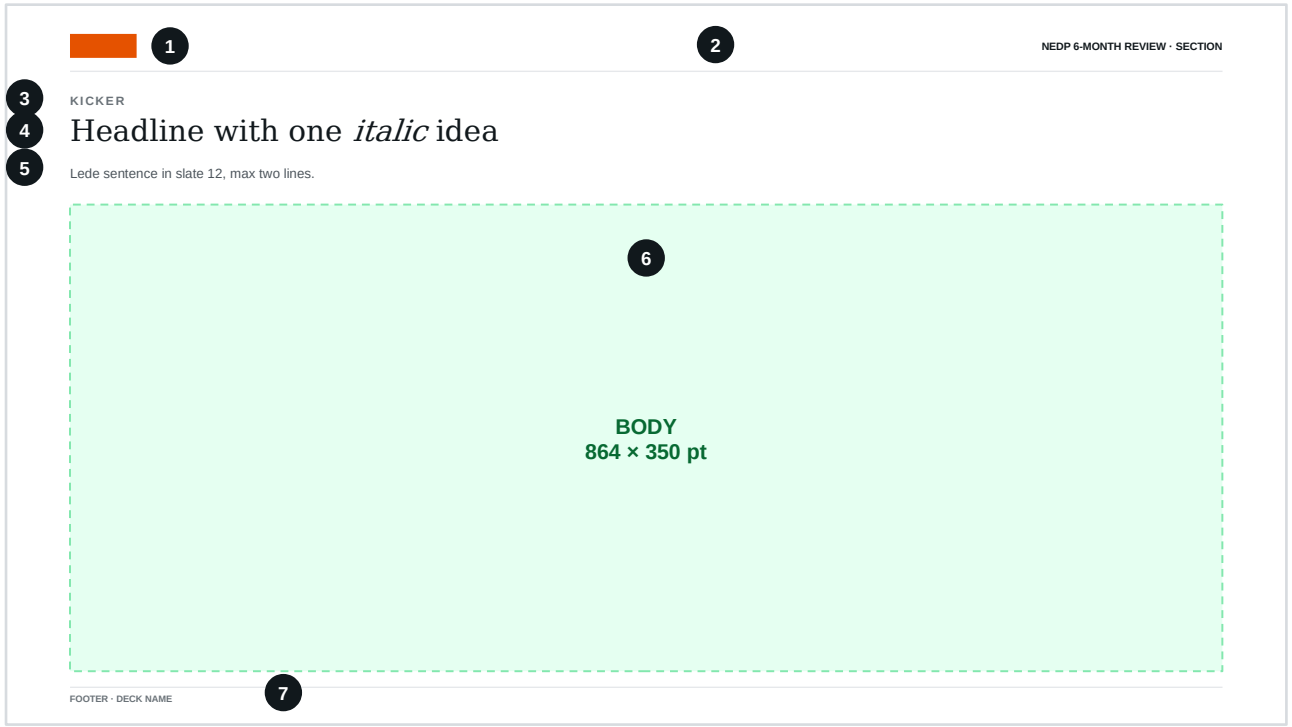

Twelve columns, *wide* margins.

Margins 48 pt left and right, 16 pt gutters. Section intros are centred; content is left-aligned on the grid.

COMPONENTS · SLIDE ANATOMY

Every content slide, *same frame*.

1 Logo

Triatra logo, 18 pt high, top-left at 48 / 22 pt.

2 Utility bar

Deck · section in 7 pt bold caps, right-aligned; hairline at 50 pt.

3 Kicker

Section name, 8.5 pt bold caps, Slate 11, at 68 pt.

4 Headline

Georgia 24, one italic phrase, sentence case, at 84 pt.

5 Lede

Optional. Arial 10.5, Slate 12, at 122 pt, ≤ 2 lines.

6 Body

From 150 to 500 pt. Everything sits on the 12-column grid.

7 Footer

Hairline at 512 pt, deck name left, page number right.

COMPONENTS · BUTTONS, LINKS, TAGS

Small, *tracked,* and always meaningful.

In a deck, buttons are labels for the next step or the decision you ask for. Keep the Bitwise shapes: 3 pt radius, 7.5 pt bold caps, +0.6 tracking.

APPLICATION · WRITING & VOICE

Complicated work, *explained* simply.

Bitwise voice: confident, plain English, no hype. Headlines carry the message; the body only proves it.

TOPIC → MESSAGE

Market Overview	→	Medium and Heavy cranes are 41% of units but *64% of value*
Price Comparison	→	F.lli Ferrari is cheaper in *five* tm classes
Monitoring	→	Plant follow-up keeps every PO on its *agreed* RFD date
Work Challenges	→	Last-minute quotes are the *main risk* to lead time

VOICE RULES

- Short sentences, active voice
- One idea per headline
- Numbers instead of adjectives
- Define an abbreviation once: Request for Delivery (RFD)
- English throughout; system names as they appear
- No hype words: 'very', 'huge', 'amazing'

THE HEADLINE TEST

Read only the headlines from first to last slide. If they tell the whole 6-month story, the deck *works*.

APPLICATION · NUMBERS & FORMATS

One format for *every* figure.

NOTE

En dash (–) for ranges, minus sign (−) for drops. Round only in running text; tables keep the full figure so totals add up.

APPLICATION · DRAFT → FINAL

How your draft *becomes* the final deck.

You keep the content and order; the design pass applies this guide. Five steps, in this order.

01 Map

Tag each draft slide with one page type (p. 19).

02 Message

Rewrite the title as a message headline + kicker.

03 Rebuild

Move content onto the grid using the components.

04 Evidence

Swap screenshots for native charts/tables; add sources.

05 Check

Run the checklist; export PDF + PPTX.

WHAT STAYS YOURS

- ✓ Order of sections and slides
- ✓ Facts, numbers and wording of results
- ✓ Photos and evidence you chose

WHAT THE DESIGN PASS CHANGES

- → Fonts, sizes, colours, spacing
- → Position and size of every element
- → Headlines rewritten as messages (you approve)
- → Charts and tables rebuilt natively

APPLICATION · PRE-SEND CHECKLIST

Sixteen checks *before* it goes out.

STORY

- [ ] Headlines alone tell the story
- [ ] One message per slide
- [ ] Agenda matches dividers
- [ ] Closing states the decision
